**Re: Transmittal of Water Quality Laboratory Results
Junque for Jesus Well**

Dear Mr. Robertson:

Thank you for allowing the City of Tucson, Environmental Services (COT-ES) to sample the well at Rod Robertson Auto Auctions (formerly Junque for Jesus) property at 7600 S. Swan Road in Tucson, AZ. COT-ES appreciates your willingness to assist in the groundwater investigation in the vicinity of the Los Reales Landfill Water Quality Revolving Fund (WQARF) site.

On July 14, 2014, COT-ES staff collected a sample for volatile organic compounds (VOCs) analysis from the well. The analytical lab report for this sampling event shows that VOCs typically associated with the Los Reales Landfill such as tetrachloroethene (PCE) and trichloroethene (TCE) were not detected (Table 1). The field sampling sheet and water quality laboratory report for this sampling event is attached. For additional information on the Los Reales WQARF site, please see the City of Tucson website at <http://es.tucsonaz.gov/es/projects?f=/projects/los-reales-landfill/PRJ3>

COT-ES would like to continue sampling your well, but as discussed with Nathan Hendersen, we were unable to collect a sample in January 2015 because the pump could not be switched on. Please contact Michael Henrich at (520) 837-3713 to coordinate continued sampling of your well once this issue has been resolved and COT-ES will resume sampling your well semiannually in January and July. Thank you again for your assistance.

Sincerely,

Nancy Petersen
Deputy Director

NP/LE/je
